Summary

I am Mio. Sitting on a bench, I am waiting for Marshmallow for a romantic night.

I am Mio. Sitting on a bench, I am waiting for Marshmallow for a romantic night. Suddenly, my hair is pulled.

"OUCH! Cassie?"

Yes, Cassie did that and she doesn't look happy.

"Mio, what does that mean?"

"What? I'm waiting for Marshmallow to..."

"Marshmallow is going out with ME tonight! They promised me."

"How? And stop pulling my hair, please."

Cassie sighs and she lets go of my hair.

"Like I just told you, Marshmallow is dating me."

"But hir texted me for a romantic date tonight with me!"

I show Cassie the SMS and I can feel her boiling with rage.

"How dare they do this to me?"

"Cassie, you know hir's dating other girls."

"Yes, I know, but it's a low blow! They could have told me hir was already dating someone."

Suddenly, we hear Bonnibel's voice. She arrives and explains that Marshmallow had also asked her out tonight.

"Now that's the icing on the cake!" Cassie exclaims. "I'm going to give them a beating when hir gets here."

"Don't do that, dearie." Bonnibel replies. "I'm sure hir has a good explanation for this."

"Oh!" I say. "Maybe hir wants to have a three-way date?"

"Ah~." Said Bonnibel cheerfully. "That's interesting."

Cassie isn't convinced. When Marshmallow finally arrives, Cassie yells at hir that if they don't have a good explanation, she'll make them pay. Marshmallow mumbles apologies and then puts all the blame on hir maid, Nina. According to them, she's the one who manages hir

schedule.

"Shame on you!" Cassie says, giving them a light punch.

"Blame your mistake on someone else..." Bonnibel adds. "That's very naughty, sugar."

"It's true." I say. "I don't even feel like going out tonight."

I was planning to go home when Marshmallow begged me to stay. Hir says they can take us all out tonight. Bonnibel, though she resents them for blaming Nina, agrees. Cassie agrees too but tells Marshmallow that hir'll have to pay her compensation. Money, that is. Marshmallow waits for my answer.

"Well, okay, I'll go with you, but you better buy me a gift as an apology."

Cassie, Bonnibel and I smile. Finally, we have a romantic night with Marshmallow. However, we didn't expect to run into an angry Nina. She was looking for her boss everywhere because hir hadn't told her hir plans for the evening. As Marshmallow mumbled an apology, Cassie laughed softly, Bonnibel raises her eyes to the sky and I just smile.
